

**Chair**  
**Department of Medicine**  
**The University of Maryland School of Medicine**

The University of Maryland School of Medicine is seeking a Chair of the Department of Medicine. The successful applicant will also serve as Physician-in-Chief of its hospital partner, the University of Maryland Medical Center. The School of Medicine and UMMC share unprecedented agreement in vision, values, and goals for these interdependent organizations, including a strong commitment to take a highly successful Department of Medicine to the next level of excellence.

Founded in 1807, the University of Maryland School of Medicine is the fifth oldest medical school in the United States – and the oldest *public* medical school in the US, and celebrated its bicentennial in 2007. Located on the modern and urban University of Maryland Baltimore campus and the largest of seven professional schools, the School of Medicine is dedicated to providing excellence in biomedical education, basic and clinical research, quality patient care and services to improve the health of the citizens of Maryland and beyond. It plays a vital role in the community and has a significant impact on the Maryland economy.

The next chair of the Department of Medicine will be an exceptional, currently funded, academic physician leader, with the proven values and skills needed to lead a highly successful research program, a large clinical enterprise, and extensive educational and training programs. He/she will exhibit the balance of commitment to the education, patient care, and research missions of the Department that typifies the best of breed in medicine department chairs, and will have demonstrated the ability to manage the financial and administrative responsibilities commensurate with a department of almost 300 faculty and approximately \$117M in total annual revenues, with about \$100M in extra-mural funding. Applicants must hold the doctor of medicine degree, be specialty board certified (or equivalent) and fellowship trained.

Korn/Ferry International is assisting the University of Maryland with this important search. Please forward, as soon as possible, nominations of appropriate candidates to:

John Moxley, M.D. or  
Warren E. Ross, M.D.
