

We are privileged to be conducting a key leadership search on behalf of the 720 physicians at **Geisinger Health System** and are seeking recommendations for the position of:

Director of Cardiology
Geisinger Wyoming Valley
Wilkes-Barre, Pennsylvania

Reporting to Dr. John McB. Hodgson, Cardiology Chair and Co-Director of the Cardiovascular Service Line, the selected candidate will become a key leader within the 35 physician Geisinger Medical Clinic cardiology group, overseeing clinical cardiology services delivered at Pearsall Heart Hospital and throughout the Geisinger Wyoming Valley region, playing an active role in securing the effective management and growth of the health system's Cardiovascular Service Line.

Successful candidates will be physician leaders who possess:

- An M.D. or D.O. degree with board certification in Internal Medicine and Cardiovascular Disease, and an unrestricted state medical license
- Exceptional leadership, clinical mentoring, and interpersonal skills
- Strong clinical background
- Experience in administration, program development and superior clinical service
- Interventionalist preferred, but non-interventionalists will be considered

Confidential inquiries and referrals should be forwarded to:
