

Cleveland – MetroHealth System, one of the nation’s most successful public health systems seeks candidates for the role of ***Chair, Department of Psychiatry***. A major teaching and research affiliate of Case Western Reserve University School of Medicine since 1914, MetroHealth is comprised of a 731 bed major medical center, a rehabilitation hospital, two long term care/skilled nursing centers, an outpatient surgery center and a network of community based healthcare centers. Metro Medical Center, a magnet status hospital offers the most advanced techniques in treating complex medical problems and is one of the premier comprehensive healthcare providers in Northeast Ohio.

The new chair will oversee the provision of psychiatric services and lead the department in recruitment of physicians and other clinical professionals. He/she will collaborate with clinical leaders and administration at MetroHealth in defining, developing and implementing strategy for psychiatric programs. The chair will be expected to enhance the department by strengthening its research, education and programmatic initiatives.

The successful candidate will be an outstanding clinician and respected academic leader with demonstrated ability to effectively inspire, recruit, manage and mentor students, residents and faculty. He/she should demonstrate an understanding of the importance of clinical outcomes, investigation, and teaching in a patient driven service culture to the success of a modern teaching and academic psychiatry department. Candidates will need to have a distinguished track record of clinical and professional accomplishments in the psychiatry field and be eligible for an appointment at the associate professor level or higher at Case Western Reserve University School of Medicine.

Nominations, inquires and expressions of interest should be directed to Christine Mackey-Ross or Linda Komnick at Witt/Kieffer, [lindak@wittkieffer.com](mailto:lindak@wittkieffer.com) or (847)-304-8754. **“In employment, as in education, MetroHealth System, an affiliate of Case Western Reserve University School of Medicine is committed to Equal Opportunity and Diversity.”**
