

Marietta, GA –**The WellStar Physicians Group (WPG)**, a 400+ physician and physician extender multispecialty group and major business unit of the WellStar Health System (WHS) seeks a **Chief Primary Care Officer (CPCO)**. The CPCO will report to the WPG president and will be responsible for providing strategic direction and operational leadership to the primary care service line of the group. He/she will ensure that the service line's operating infrastructure supports the organization's goals to provide efficient and seamless operations, promoting integration and quality between WPG and WellStar Health System. WHS is a not-for-profit community based healthcare organization comprised of five hospitals and WPG as their physician segment providing care to the northwest suburbs of the Atlanta. The CPCO will need experience in leading a complex primary care group practice inclusive of general and physician management, working knowledge of IT platforms, demonstrable leadership achievement and be comfortable with P & L. Having successfully worked in an integrated delivery system and/or a multi-hospital system would greatly enhance candidacy. He/she must possess strong communication and interpersonal skills, understand the challenges of the physician practitioner, and have a track record of improving performance and outcomes in a large primary care organization. M.D. /D.O. with appropriate board certification is required; a graduate degree in health admin, business/finance is desirable. Nominations, inquires and expressions of interest should be directed to Andrew Chastain or Linda Komnick at Witt/Kieffer at (847) 304-8754 or [lindak@wittkieffer.com](mailto:lindak@wittkieffer.com)
